# Universal Table
For *every* table.

WizardPDS®-*ready!*

Expand your existing line with Wizard-ready tables ... *even discontinued models.*

The Universal Table is designed exclusively for adding to and extending WizardPDS® Automation to your existing table line … *even discontinued models.* Turn your 42' manually jigged line into a 66' fully automated powerhouse.

Add on to any existing WizardPDS® ChannelS® retrofit – or as an available option to new WizardPDS® retrofit packages.

The Universal Table is built for years of trouble-free service and Wizard-ready for quick automation installation.

Universal Table – *for every table.*
